What do you appreciate most about DMCS?

I appreciate the uniqueness of the school. It is a school that dedicates themselves to be an extension of the home, therefore invites involvement. It is a school that strives for growth of each student academically, socially, and spiritually. It is a school that teaches beyond the state standards and have gained great results from it. Most importantly, it is a school who has a primary purpose is to educate students in such a way that each student will become useful and creative citizen of Christ's Kingdom and of the student's community, state and nation, with the desire and ability to apply the student's Christian commitment and principles to all of life's situations.
